Due to defense and war conditions the prices of most everything have gone up. Consult our 1941 catalogue and you will find that not a single item has gone up in price, and most varieties have been reduced. We furnish some healthy roots and plants and the same prompt service.

We guarantee all stock to be true to name and to be free from disease when received, to the extent of replacement next year. But not responsible for more than the purchase price, as we do not have control over growing conditions. Kindly notify us at once if anything is unsatisfactory when received, or if plants or roots fail to grow after being planted a reasonable length of time.

Order early and avoid disappointment, as our stock of some of the newer varieties are limited.

We have many varieties not listed here. Write us your wants, we may be able to supply you at a reasonable price.

Roots to be mailed April 10th to June 1st. Plants May 15th to June 15th.

All orders amounting \$1.50 and over are post paid for less than \$1.50 kindly add 15c for packing and postage.

Kindly send full amount with your order, as prices quoted herein are too low to carry charge accounts.

Our gardens have been Federal and State inspected, and have been found apparently free of dangerously injurious insect and plant diseases.

We are members of The American Dahlia Society and the West Virginia Dahlia Society.

We extend you a cordial invitation to visit our gardens during the growing season and see our dahlias perform. We are developing a number of seedlings that may be of interest to you. Our gardens are located 5 miles east of Fairmont on the Winfield road at the village of Winfield. Visitors are always welcome.
